

EXPERIENCED HAMMERHANDS AND CARPENTERS

EXPERIENCED HAMMERHANDS AND CARPENTERS ROLE

As part of the Property Partners Group of Companies, 'Build Modular' is an ambitious and innovative company, aiming to become a leader in the design, manufacture, and delivery of offsite manufactured apartments within New Zealand. Our aim is to help solve New Zealand's housing deficit, by using world-leading technology to enable off-site mass production of affordable family homes.

The purpose of this role is to work as a hammer hand or carpenter for our Build Modular production facility in Wiri, South Auckland, which will produce finished modular apartments, ready to be installed and commissioned on-site. These apartments for social and affordable housing; will help to support the huge demand for new, warm, dry and quality homes for everyday kiwis to live in. These completed apartment modules are designed for manufacturing and assembled (DFMA) and meet all New Zealand Building Code requirements.

You will get to work in a clean, well-managed progressive factory environment, with no scaffolding to climb and have scheduled, structured hours based at our Wiri factory.

You will be trained in lean manufacturing, working alongside very experienced manufacturing professionals, with an opportunity to progress your career within a revolutionary global industry.

KEY RESPONSIBILITIES

- Health & Safety is a priority in all aspects of this role
- Experienced Hammer hands and builders that can work to high technical standards across the build process.
- Specifically, you will have experience in residential construction
