

ELECTRICAL TRADE ASSISTANT

ELECTRICAL TRADE ASSISTANT ROLE

Evergreen Modular is a manufacturing company that is revolutionising the way buildings are constructed in NZ. We are building timber apartment units in our purpose-built factory in Wiri. We are part of the well-established Property Partners Group with their own in-house Design and Construction Teams.

We are looking for an Electrical Trade Assistant to join our close-knit team, working alongside the Production Team, Carpentry Team, Plumbing Team, and the Electrical Team Leader.

This is an excellent opportunity for someone who wants to develop their electrical skills and wants good work-life balance, structured regular hours, less travel, and - most importantly - a clean, tidy workplace with easy access to all your work!

WHAT IS IN IT FOR YOU?

- Work hours are 6 am to 2.30 pm - beat the Auckland traffic!
- Be part of the start-up team for a well-established parent company
- Great team culture with a strong Health and Safety commitment
- Work in a brand-new factory with an experienced leadership team
- Gain exposure to other building trades.

WHAT YOUR DAY TO DAY WILL LOOK LIKE:

- Pre-wiring, wiring, and cable pulling
- Assisting with the maintenance/installations of electrical equipment
- Ensure compliance with electrical codes, legislation, and procedures
- Maintain accurate worksheets and records/documentation associated with your work

ABOUT YOU?

- 1-2 years of construction industry experience, ideally with a main contractor.
- EWRB Limited/Full License holder
- Ability to work as a team in a fast-paced environment
- Excellent communication skills, both written and verbal
- Experience using common tools, equipment, and materials relevant to the electrical trade
- Strong knowledge of applicable codes, standards, and regulations
- Have a keen eye for detail to achieve a high quality of workmanship.

If you are in construction and are sick of working outdoors random hours, and on different construction sites every day, build your career with a company changing how NZ apartments are built.
